

Welcome

Welcome to the second public exhibition for the proposed Binn Solar and Battery and Energy Storage System (BESS) Farm, on land 4km northwest of Strathmiglo and 5km northeast of Glenfarg.

Binn Solar and BESS Farm will comprise

We believe this is an excellent site for a solar farm because of

Good solar radiation

Viable National Grid connection

No obvious environmental or technical constraints

Your feedback

We have used the feedback from our first exhibition, held in June 2025, as well as other correspondence and conversations with local people, to inform and update our proposal. We have made changes to the layout, added information about the

Battery Energy Storage System (BESS), the community benefit scheme and more.

Thank you for all your comments so far, and we look forward to hearing further suggestions from you today.

About us

BLC Energy, a Perthshire-based Scottish renewable energy developer, is developing Binn Solar and BESS Farm. TRIO Power Limited owns the project. TRIO Power is owned and funded by the Octopus Renewable Infrastructure Trust (ORIT), a fund managed by Octopus Energy Generation (OEGEN) and part of the Octopus Energy Group. OEGEN is one of Europe’s largest renewable energy investors, managing more than 230 large-scale green energy projects with a combined capacity of 3.25GW.
